

Reimagining Third-Party Risk Management

PARTNER WITH BLUE UMBRELLA TO PROTECT YOUR ORGANIZATION FROM REGULATORY AND REPUTATIONAL RISK.

For over a decade, Blue Umbrella has been a trusted partner of the world's largest organizations in over 200 countries. We help businesses identify and manage their risks with unmatched due diligence and third-party risk management products. With operations across Asia, Latin America, Europe, and North America, we have the tools and services to allow companies to protect their reputation from internal and external risks.

KEY SERVICES AND CAPABILITIES

Blue Umbrella offers a comprehensive suite of products related to third-party risk management, including:

- **Managed Services** for database and adverse media monitoring
- **Enhanced Due Diligence** reports to make informed decisions
- **Risk Screening and monitoring** against industry leading global data sources

Our solutions help global organizations flag and mitigate risks associated with customers and third parties such as bribery, sanctions, political exposure, bankruptcy, human rights, fraud, money laundering, and more.

THE LEADING THIRD-PARTY RISK MANAGEMENT PLATFORM

The Status platform is the core of our technology offerings. The online platform centralizes and automates third-party compliance, onboarding and screening. Designed for global enterprises, Status offers integrated risk screening and monitoring, configurable risk scoring algorithms and questionnaires via custom workflows. It is one of the most powerful, configurable, and API-friendly offerings in the market, making it the preferred platform for compliance professionals.

**TAKE CONTROL OF YOUR
THIRD-PARTY RISK MANAGEMENT**

-  Streamline initial due diligence and on-boarding at account opening
-  Prioritize alerts and quickly identify areas to perform deeper due diligence
-  Improve continuous monitoring of entity related changes
-  Refresh stagnant due diligence information
-  Reduce compliance costs
